Firm Seeks Okay to Fly Bodies Home

TOLEDO, Ohio (AP)—The head of Arctic Pacific, Inc., says he will try to get a waiver of the suspension of the firm's flying certificate so it can fly the bodies of 22 victims of a plane crash here to their homes.

Jack Springer, president of the airline which operated the crashed plane, said Monday night he had not been given a specific reason for the government's suspension order.

The Oakland, Calif., firm operates three aircraft in addition to the one that crashed, including a C46 parked at Toledo Express Airport.

Nineteen of the dead lived in California. Two were from Elkton, Md., and one lived in Chicago.

They were killed Saturday night when a charter flight, attempting a takeoff at the Toledo airport in a heavy fog, crashed and burned. The aircraft carried 48 persons, including the California Polytechnic College (San Luis Obispo) football team.

In announcing the suspension order in Washington yesterday, E. R. Quesada, federal aviation administrator, said that circumstances of the crash indicate a gross disregard for public safety and the regulations of the Federal Aviation Agency.

Surveys Show Views Differ On the Victor

WASHINGTON (AP)—Who will win the election? Kennedy if surveys by three magazines—Time, Newsweek and U. S. News & World Report—accurately reflect prospects; Nixon if members of the American Society of Newspaper Editors have correctly appraised the situation.

The bulletin of the ASNE published a poll of its members, each predicting only for his own state, and came up with this majority opinion:

Vice President Richard M. Nixon, the Republican candidate, to carry 28 states with 314 electoral votes.

Sen. John F. Kennedy, the Democratic nominee, to take 19 states with 209 electoral votes.

There were no reports from New Hampshire and Montana and editors reporting from Colorado were equally divided.

Lexington Man Robbery Victim Of Three Toughs

LEXINGTON, Mo. (AP)—A Lexington, Mo., man on the way to work reported he was robbed of \$1,900 by three youths this morning.

Rubin O. Jackson, 52, told the Missouri Highway Patrol he was driving to work when three youths bumped his car from the rear, stopped him and robbed him. He said they drove his car for about a mile down the highway and abandoned it and then fled in their own car, a 1959 red convertible.

He said the holdup took place about three miles east of Levasy on U. S. 24. Jackson said he was a laborer and was on his way to work in Kansas City.

'Quakes Rock Chile; No Deaths Reported

SANTIAGO, Chile (AP)—Three violent earthquakes rocked southern Chile today, tumbling walls and buckling streets in half a dozen cities. Men, women and children ran through the streets in panic.

The earth rumblings, shortly before dawn, were felt from Concepcion on the southern Pacific Coast to Puerto Montt 450 miles farther south in the lake region.

Telephone and telegraph communications were knocked out but later restored.

There were no immediate reports of dead or injured.

Vast areas of southern Chile were reduced to ruins by a series of earthquakes last May, the worst here in 20 years.

Queen Elizabeth Promises

Pubs to Stay Open Longer In England

LONDON (AP)—Queen Elizabeth II opened a new session of Parliament today with a promise to keep the pubs open later at night.

The queen's speech from the throne, written by Prime Minister Harold Macmillan's government, also promised to work toward the political and economic unity of Western unity and reaffirmed Britain's allegiance to her alliance with the United States and the other North Atlantic nations. But it was the pledge to reform the licensing laws that the bulk of the British public was interested in.

The queen gave no details. But Home Secretary Richard A. Butler, whose department will prepare the new legislation, has promised later closing hours and also to make them uniform over the country.

Pubs now must close at 10:30 or 11 p.m. in London, depending on what part of the city they are in. Outside the capital the traditional "Time please, gentlemen" comes at 10 p.m.

With the tourist trade in mind, Butler also hopes to make it possible to buy drinks with supper up to 2 a.m. all over the country instead of just in London as at present.

The queen read her message sitting erect on her golden throne in the red and gold chamber of the House of Lords. Her full-skirted dress was of brocade silk and she wore a glittering crown.

Storm Winds Lashing East Pakistan Area

DACCA, East Pakistan (AP)—Chittagong and the surrounding coastal region were still cut off today following a storm with winds up to 100 miles an hour.

The same area on the east coast of the Bay of Bengal was devastated three weeks ago by a cyclone and tidal wave that officials said took more than 4,000 lives.

A Pakistan Airline pilot had to return his passengers to Dacca this morning when he found the Chittagong airport under water. He said he could get no response from the control tower.

Challenges Jack's Clan To a Debate

EN ROUTE WITH NIXON (AP)—Vice President Richard M. Nixon says he is willing to take on the whole family of Sen. John F. Kennedy, his Democratic opponent, in a national television debate.

In a foray into New Jersey on a rain-soaked Halloween night Nixon told an open air crowd of 15,000 persons at Ridgewood Monday night his rival was making a "juvenile schoolboy comment" in saying he would be glad to have Nixon bring President Eisenhower along with him if a fifth television debate could be arranged.

"I'll be glad to debate him and his whole family anytime," Nixon said, "but what I think the country really needs is a debate between Jack and Lyndon—let's see where they stand."

This allusion to the Democratic vice-presidential nominee, Sen. Lyndon B. Johnson of Texas, was made as Nixon's own running mate, Henry Cabot Lodge, sat beside him on the platform.

Presumably Nixon's challenge would include the Democratic nominee's father, Joseph P. Kennedy, wealthy former ambassador who has tried to keep out of the campaign, as well as Kennedy's brothers who are active in it.

Nixon aimed increasingly sharper shafts at his opponent as he swung into the final week of campaigning with scheduled appearances today at Lancaster and Erie in Pennsylvania and Syracuse and Rochester in New York.

The vice president said Kennedy shows an "ignorance of simple economics that he disqualifies himself to be president."

Nixon issued a statement in which he said Kennedy in proposing \$15 billion in additional yearly expenditures is promising to balance the budget and opposes higher taxes. He said his rival has "made so many promises to so many people they are colliding with each other."

Reds Say US Spy Arrested

Radio Transmitters Among Equipment, Tass Report Says

MOSCOW (AP)—The Soviet news agency Tass said today an "American spy" named Mikhail Platovsky has been arrested in the Soviet Union.

The Tass account, which also was carried by Moscow radio, said Platovsky—alias Andrei Kreps and Pyotr Sosnovsky—was smuggled into the Soviet Union with another alleged spy named V. M. Slovnov.

No mention was made of Platovsky's nationality and, beyond saying he was trained in West Germany, Tass gave no further identifying data.

The announcement came five days after the arrest in New York of Igor Y. Melekh, 47, chief of the Soviet section of document translations, on a charge of espionage. Arrested with Melekh by the FBI was Willie Hirsch, 52, a German medical illustrator.

"Platovsky was instructed by the American intelligence service to take up residence in Minsk and start collecting secret information," the Tass announcement said.

"When arrested he was found to possess two radio transmitters, ciphers, codes, duplicating equipment for printing anti-Soviet leaflets and other espionage gear."

Kennedy Steps Up Final Push

LOS ANGELES (AP)—Sen. John F. Kennedy spanned the continent today, opening an intensified drive that will carry him to 17 states in the final week of the presidential campaign.

Opening two days of campaigning here and in San Francisco Kennedy charged that Vice President Richard M. Nixon two days ago reversed the Republican policy of 25 years by advocating improvements in the social security system.

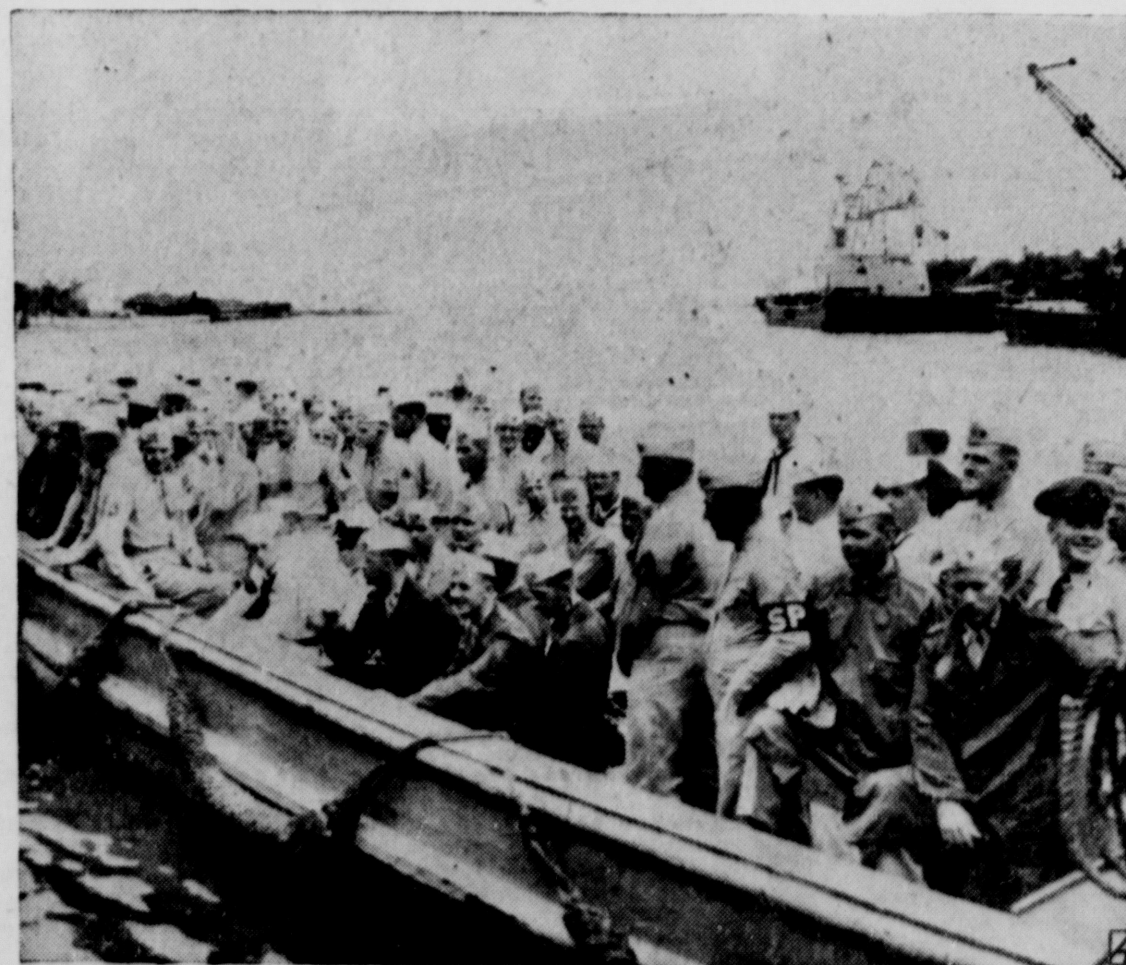

In remarks prepared for a clothing workers' rally here, the Democratic presidential candidate said, "Mr. Nixon has taken every program which he and his party have voted and fought against, and placed them in his position paper. But election week promises and November nostrums will not meet the urgent problems of our older citizens. They need leadership from the White House."

Kennedy made a point by point criticism of Nixon's recently issued "position paper" on Social Security.

He said "most amazing of all" in the Nixon paper was the statement, "We must make it possible for our senior citizens to receive adequate medical services."

Kennedy said, "This is the same Mr. Nixon who, only last spring, led the fight to defeat Democratic efforts to pass a sound program of medical aid financed through the Social Security system."

Arrested for Booring Him

Rocky To Testify Against Two Men

NEW YORK (AP)—Gov. Nelson A. Rockefeller has been subpoenaed to testify in the case of two men who claim they were arrested for booring him at a Saturday night street corner political rally.

The two defendants, Gerardo Cartagena and Ralph Bonet, were charged with disorderly conduct. Cartagena, who professed himself a supporter of Democratic presidential candidate John F. Kennedy, claimed he was hit by a policeman's nightstick.

The governor is campaigning for the Republican ticket.

Rockefeller was subpoenaed by Mark Lane, attorney for the two men, to appear in court Thursday and tell exactly what occurred.

Concerning Cartagena, Lane said: "He told me he was booring the governor. This the man refused to do," the statement said.

"More than half an hour later as the heckling continued the police captain in charge on his own initiative removed the man from the crowd."

Lon Hocker to Speak Here At GOP Rally Wednesday

Lon Hocker, Republican candidate for United States Senator, will be the principal speaker at a rally Wednesday night at Smith-Cotton High School cafeteria, according to John Ryan, Republican committee chairman for Pettis County.

The program is scheduled to begin at 7:30. All local Republican candidates will be introduced.

The late Senator Thomas C. Hennings Jr., whose unexpired term Hocker seeks to fill, referred to Hocker as a "distinguished lawyer" in remarks made from the floor of the United States Senate Feb. 21, 1956.

It was Hennings who brought Hocker to Washington to serve as chief counsel to the United States Senate Committee on Constitutional Rights. Under Hocker's guidance, the committee conducted its celebrated hearings related to the curtailment of individual liberties guaranteed by the Constitution of the United States.

After six months of intensive effort for the Hennings Committee on Constitutional Rights, Hocker's performance brought commendation on the floor of the Senate from Senator Hennings.

Only last August, Hocker was elected president of the American College of Trial Lawyers. In the field of law, Hocker's abilities have won him the right to appear in Missouri and Federal Courts including the United States Supreme Court. The latter is only achieved by attorneys of outstanding reputation and ability.

Son of an attorney, Lon O. Hocker, Sr., who was born in Harrisonville, Mo., Hocker was graduated from the Washington University School of Law. He also attended Princeton University. Born in 1910 in St. Louis, Hocker, his wife, Esther, and their two children live in Clayton.

UN May Vote On Cuban Bid

For Assembly Debates On US Invasion Plans

UNITED NATIONS, N. Y. (AP)—The U.N. General Assembly headed for immediate assembly debate on the Cuban charge that the United States plans an invasion against Fidel Castro's regime.

Diplomats predicted the 99-nation forum would hand the Cubans and their Soviet bloc backers a strong rebuff by sending the Cuban complaint to the assembly's political committee first. That was the procedure recommended by the assembly's steering committee.

Cuba and the Communist-bloc countries held the floor in Monday's opening round before the assembly with new claims that Castro's government stands in peril of a massive invasion engineered by the U.S. government.

Neither the United States nor any of its supporters took the rostrum, prompting Bulgaria to hint at a possible conspiracy of silence. Later a U.S. spokesman issued a statement terming the Cuban charges "false and absurd ('and') ones we have heard before."

Cuban Foreign Minister Raul Roa spoke for more than an hour in an attack that ranged from shots at the U.S. presidential candidates to a claim that the weekend visit of 1,450 U.S. Marines to the Guantanamo naval base as a clear act of provocation.

Roa charged that both Sen. John F. Kennedy and Vice President Richard M. Nixon had shown contempt of the United Nations and the Organization of American States by suggesting U.S. measures against Castro.

The two candidates discussed Cuba as if it were a piece of U.S. real estate, Roa declared, adding that victory for either one would mean efforts to liquidate the Castro government.

Roa repeated Castro's avowal that his government has no intention of trying to seize the U.S. naval base at Guantanamo by force. He accused the United States of fomenting a crisis in an attempt to influence the U.S. presidential election.

Roa was supported by delegates from Communist Poland, Czechoslovakia, Romania and Albania.

Accountant Says Nixon In On Loan

No Mention Made Of Nixon's Name; Code Name Used

NEW YORK (AP)—A Los Angeles accountant was quoted by the New York Post today as saying all major decisions concerning a \$205,000 loan from the Hughes Tool Co. to Donald Nixon were cleared with his brother, Vice President Richard M. Nixon.

The newspaper identified the accountant as Phillip Reiner, a member of a management committee named to oversee the operation of Donald Nixon's bankrupt chain of restaurants and gift shops.

However, the Post quoted Reiner as saying the vice president was never supposed to be mentioned by name in reports and correspondence concerning the loan, but by code terms such as "East" or "Eastern Division."

The 1956 loan was brought to public attention recently by Washington columnist Drew Pearson in an article linking the vice president's name with a possible conflict-of-interest.

Donald Nixon said Sunday that the loan was obtained in an unsuccessful effort to save his business, but asserted: "I have never asked my brother to do anything for me or anyone else in the government; and if I did ask I know he would refuse."

He accused Pearson of seeking to smear his brother, the Republican presidential candidate.

Pearson's column asserted that "the family of Richard M. Nixon" had received the \$205,000 loan on Dec. 10, 1956—shortly after Nixon's re-election to the vice presidency—and that industrialist Howard Hughes' problems with various government agencies improved.

"Whether the improvement was connected with the loan is not known," Pearson's article added.

Funds Released For Developing The B-70 Bomber

WASHINGTON (AP)—The Eisenhower administration has released \$155 million for development of the B70 supersonic strategic bomber.

The Defense Department released the funds to the Air Force Monday, leaving unused only \$29 million of the money Congress had voted for the program over administration objections.

The move was interpreted to mean that the Defense Department has virtually accepted the decision of Congress to push production of the big bomber. The \$155 million may pay for 12 B70 prototypes.

The B70, when ready, would be able to launch ballistic missiles as well as the other nuclear bombs and weapons.

Communists Attack Nixon Visit Boast

BERLIN (AP)—The East German Communists today attacked Vice President Richard M. Nixon for saying he would visit East European countries if elected president.

The Communist party newspaper Neues Deutschland ran a front page editorial headed, "Not so impetuous, Mr. Nixon."

The paper said Nixon "had not asked whether his coming was wanted. Perhaps he had forgotten how nations deal with unwanted guests. Most people, however, remember the rotten eggs Nixon himself received on his head in various Latin-American countries."

Clemency Appeal Made for Youth Sentenced to Die

LONDON (AP) — Queen Elizabeth's cousin, the Earl of Harewood, appealed today for clemency for an 18-year-old boy sentenced to the gallows.

It was the first time a member of the royal family had publicly expressed an opinion on the controversial subject of capital punishment. The Earl is the son of the 12th in line of succession to the throne.

He joined 29 other prominent persons in a plea, published in the Times of London, for a reprieve for Francis Forsyth, the youth, and Norman Harris, 23, are scheduled to hang Nov. 10 for kicking a man to death after robbing him of a few shillings.

Other signers included novelist Kingsley Amis, Canon John Collins of St. Paul's Cathedral, Baron Harmsworth, the bishop of Birmingham, philosopher Bertrand Russell, actor Michael Redgrave, Baroness Ravensdale, artist Augustus John, and author J. B. Priestly.

Fighting Denounced

CAIRO, Egypt (AP)—President Gamal Abdel Nasser of the United Arab Republic and King Mohammed Zahir of Afghanistan Monday denounced what they called the war of extermination waged by France in Algeria in a joint communique at the end of the king's 10-day state visit.

Air Force Base was injured, not seriously, in a one-car accident about 4½ miles northwest of Green Ridge on County Route AA. The 1957 Ford sedan was demolished.

The Airman was identified as Wilber G. Van Horn, 22, of the 340th OMS, at the Whiteman Base hospital. He complained of a back and hip injury and X-rays were taken but did not immediately reveal any fractures. He was admitted to the hospital for further observation.

Apparently Van Horn was alone in the automobile. It was driven west on a gravel road, just north of Green Ridge and when it made a turn to intersect County Road AA, it left the gravel road and traveled approximately 200 feet, over turning once and landing on its wheels. The car started its side skid more than 100 feet on the gravel road.

The automobile was towed to the Parks Cities Service station by a wrecker from there.

Trooper Pete Stohr of the State Highway Patrol conducted an investigation. Trooper Stohr was informed at the hospital that Van Horn was brought to the base by a farmer passing the scene in a pickup truck. The best that could be determined the accident occurred shortly after midnight Monday.

Sedalia District Rebekah Lodges Install Officers

Mrs. Frances Baslee, 633 East 16th, was installed Saturday night, Oct. 29, as president of Rebekah Lodges of the Sedalia District No. 31, by Mrs. Ona Ryals of Greenfield, at the fifty-third annual assembly held at Convention Hall, Liberty Park. Although Mrs. Baslee resides in Sedalia she is a member of Green Ridge Lodge No. 830.

Mrs. Ryals, warden of the State Assembly, who held a school of instructions during the day, also installed the other officers as follows: Mrs. Mildred Cockran, Holden, vice-president; Mrs. Mary Talley, Warrensburg, warden; Mrs. John Palmer, Green Ridge, recording secretary; Mrs. Audrey Frost, Windsor, treasurer; Mrs. Katherine Spillers, Sedalia, junior past president.

The appointive officers are: Mrs. Mildred Thomas, Ottumwa, marshal; Mrs. Bertha Bolts, Green Ridge, conductor; Mrs. Ruth Wallberger, Lincoln, chaplain; Mrs. Opal Allen, Holden, inside guardian; Mrs. Grace De-frain, LaMonte, outside guardian; Mrs. Marjorie Egbert, Green Ridge, musician; Mrs. Dorothy Sebastian, Windsor, color bearer; Mrs. Ruth Kirkhart, Sedalia, reporter; Mrs. Helen McNew, Sedalia, song leader; necrology committee, Lincoln Lodge No. 822; home committee, Mrs. Bertha Boltz, Mrs. Carrie Castle, Mrs. Permelia Eirls; greeting committee, Mrs. Mildred Young, Mrs. Katie Golt, and Mrs. Eleanor Middlesworth; courtesy committee, Mrs. Myrtle Snyder, Mrs. Hazel Bisuit and Mrs. Cleo Smith.

The banquet Saturday evening was held at the First Methodist Church after which all went to Convention Hall for the program.

Mrs. Katherine Spillers, Sedalia, district president, presided, and the presenting of the flag and pledge and the national anthem were followed by the Bible ceremony by the Green Ridge Lodge No. 830. This was a very pretty and unusual ceremony using the face of a large white clock with glittering hands, as a reminder of some service each hour of the day. With each hour, also, was a Bible verse.

The memorial ceremony was put on by the Warrensburg Lodge, No. 135, and it, too, was a beautiful ceremony, with a young woman as an angel going to the altar, followed by four women in white robes. As each name of a mem-

ber who had died during the year was called, the angel extinguished the flame of a white candle. Then a flower for each member was placed in a basket.

A floor drill was given by Ottumwa, No. 16, with all of the women in white formal.

The address of the evening was made by Mrs. Ryals, who told of the children's home which the lodge supports as well as the old people's home. She pointed out that too many people think, as they see old people in bad situations: "That could never happen to me," but she stressed, it could. In this home for the aged, she said, they get love and care. In time of trouble or need, she said, Rebekahs will be there.

A humorous reading was given by Mrs. George Meyers of Sedalia.

Mrs. Spillers was presented a gift from the district by Mrs. Joe Edwards.

The installation of officers was followed by remarks by the new president who gave briefly some of her plans for the year.

The days activities closed with singing.

An informal dinner honoring Lon Hocker, Republican candidate for the U.S. Senate, will be held at Hotel Bothwell Wednesday night at 6 p.m.

Alice Graf, L. Schnakenberg Recently Wed

Miss Alice Graf, daughter of Mr. and Mrs. Harvey Graf, Blackburn, and Mr. Larry Schnakenberg, son of Mr. and Mrs. Emmett Schnakenberg, Concordia, were married Saturday, Oct. 1, at the Trinity Lutheran Church in Alma by the Rev. A. F. Pietschauer.

Mr. Harold Schmidt played traditional wedding music and accompanied Miss Beverly Hemme, who sang "O Perfect Love" and "The Lord's Prayer."

The bride, given in marriage by her father, wore a floor length gown of Chantilly lace and nylon net over taffeta, styled with a fitted bodice, scalloped neckline outlined with sequins and pearls and long tapered sleeves. Her fingertip veil fell from a tiara and she carried a bouquet of yellow roses.

Miss Joan Graf, sister of the bride, was maid of honor. She wore a dress of green nylon organza and carried a bouquet of bronze mums.

Mrs. Herbert Graf served as bridesmaid. She wore a dress identical to that of the maid of honor.

Mr. Vernon Ohrenberg served as best man. Ushers were Mr. Wesley Ohrenberg and Mr. Kenneth Graf.

Mr. Carney Schnakenberg and Mr. Robert Graf lighted the candles.

Immediately after the ceremony a reception was held at the Concordia VFW hall.

The couple is living in Marshall, where the groom is employed by Horman Meat Company.

Miss Esther Kisker Exchanges Vows With Mr. Charles Keseman

Before an altar setting of white gladioli and pompons at St. John's Lutheran Church, Farley, Miss Esther Kisker, daughter of Mr. and Mrs. Edward W. Kisker, East Leavenworth, became the bride of Mr. Charles E. Keseman, son of Mr. and Mrs. Edward A. Keseman, Lincoln. The ceremony was performed by the Rev. Victor H. Grimm.

Miss Mary Martha Lutte played traditional wedding music and accompanied Mr. Larry Lutte who sang "O Perfect Love" and "The Wedding Prayer."

The tapers were lighted by Mr. Allen Kisker and Mr. Norman Meyer.

Given in marriage by her father, the bride wore a gown of white peau de soie fashioned with a lace covered bodice with a sabrina neckline outlined with sequins and long sleeves tapering to points over the hands. Lace appliques with sequins and seed pearls adorned the skirt which fell into a chapel length train. Her fingertip veil of illusion fell from a satin cap with sequins and seed pearls. She carried a bouquet of white Peter Johns and button mums. Her only jewelry was a strand of pearls, a gift from the groom.

Maid of honor for her sister, Miss Lorene Kisker, wore a dress of deep turquoise peau de soie fashioned with a scoop neckline, cap sleeves and a full skirt. She wore a matching headband and elbow-length gloves. Bridesmaids, Miss Margaret Keseman and Miss Mae Kisker, wore dresses of light turquoise identical to the maid of honor. They carried bouquets of pink and white carnations.

Best man for Mr. Keseman was Mr. Richard Meyer. Groomsman were Mr. Edward Kisker and Mr. Larry Meyer. Mr. Wilbert Keuper, Mr. Roger Hink and Mr. Kenneth Kisker served as ushers.

At the reception immediately following the ceremony the lace covered bride's table held a three-tier wedding cake, punch, nuts and mints. Crystal candelabra held the lighted pink tapers and the cake was surrounded by pink carnations. Miss Gertrude Kisker and Mrs. Kenneth Kisker served the cake. The punch was served by Miss Nellie Ann Coyle and Miss Martha Lutte. Miss Verda Mae Lutte presided at the guest book. In charge of the gifts were Miss Sandra Stephens, Miss Judy Poss, and Miss Margie Schnakenberg.

For the wedding trip, the bride chose a wool suit of avocado green with brown and avocado green accessories. Her corsage was of

white button mums. After a short honeymoon the couple will be at home at 416 McGowdin, Warrensburg, where the groom will continue studies for his master's degree.

Wedding Announcement

Mr. and Mrs. Gilbert D. Taylor, Arlington, Va., announce the marriage of her daughter, Joanne Marie Clark, to Mr. David Alan Hudson, son of Mr. and Mrs. Francis Hudson, Kansas City, in a beautiful candlelight service at the First Baptist Church of Clarendon in Arlington Oct. 1. The double ring ceremony was performed by Dr. M. Jackson White.

Given in marriage by her stepfather, the bride wore a gown of bouquet taffeta with appliques of seed pearls. Her fingertip veil fell from a crown of seed pearls.

Mrs. Ronald Haptonstall was matron of honor and the bridesmaids were Miss Ellen Faye Bradley, Wilson, N.C., Miss Florence Edwards, Miss Sue Boardman and Mrs. Pat Byers, Arlington.

Mr. Bruce Poteet, Kansas City, was best man. Ushers were Mr. Claude McGhee, uncle of the bride, Mr. Donald Hoke, Mr. Roland Gross, Mr. Herbert Randall, Mr. William Wieranders, all of Arlington, and Mr. Chester O'Bannon, Sedalia.

Master Walter Ray Anglin, cousin of the bride, was ring-bearer.

The bride is a graduate of Washington School for Secretaries. She is past honored queen of the International Order of Jobs Daughters.

The groom studied voice at the Kansas City Conservatory of Music. He is now singing with the U.S. Army chorus and is soloist at the First Baptist Church of Clarendon.

After a northern wedding trip, the couple is at home in Photomac Towers, Arlington, Va.

The groom is a grandson of Mr. and Mrs. M. M. Fields, of near Cole Camp.

The Man of Promise

Is it a landslide for Kennedy?

On the basis of polls, columnists' comments and the suspicion of a rising defeatist attitude among the Republicans themselves, then next Tuesday likely will bring a landslide for the Democratic candidate for President of the United States.

How has this shift of popular favor come about in the space of a few months?

Well, one explanation is that Senator Kennedy has somehow convinced many of the voters he is a composite reincarnation of Robin Hood and Aladdin. One moment he proposes to take from the haves and give to the have nots; the next he rubs the magic lamp, hoping all his personal promises of a welfare state can be accomplished without it costing the taxpayers any hard-earned money.

Contrary to a popular conception that Senator Kennedy is the prospective savior of the United States and of the World, we are not in accord with this opinion at all, despite his impending victory.

During his campaign, Senator Kennedy has not detailed how the programs he promises will be financed, but makes it all seem possible by just "moving forward." It's so oratorically easy!

Full employment, full work week, higher pay for school teachers, more social security and medical care for the elderly, a cure-all for the farmers' problems, better federal-financed housing, more sanitary plumbing, fair prices for the farmer, fair prices to the business man, higher wages for labor, no hungry people anywhere in the world . . . a complete package including the elimination of corruption at home and abroad.

All this, mind you, without inflation, without increasing commodity prices . . . and just for good measure, in case of a recession, to lower taxes in order to give the United States economy a lift.

But does Mr. Kennedy tell you the methods by which this Utopian pro-

gram can be accomplished? Certainly not, because there is no reason, logic or common sense answer to it.

Senator Kennedy's promises and all the promises made in the Democratic platform require money—vast sums of it. The only place that money can come from is the pockets of the people, removed therefrom by means of high federal taxation.

Any newly-wed budget-minded housewife can tell you that Senator Kennedy is like the husband who accompanies her on a grocery shopping trip to the super-market. He picks up enough cans of beans, grapefruit, varieties of breakfast food, cakes, cookies, jellies, juices, meats, cheese, beer and household gimmicks to fill two wheel carts. Then the next day he complains boisterously to his wife because she doesn't operate the household within the budget allotment.

That is the picture of Senator Kennedy's political and economic philosophy—laboriously specific on detailed promises, but not on the methods of accomplishing them. Because he knows, as does any fair-minded taxpayer, that the promises he makes cannot be fulfilled without leading the nation toward a welfare state with more and more power for the federal government.

In contrast to Senator Kennedy is Vice-President Richard M. Nixon whose opposition to further power in Washington, his support of Constitutional rights, his leadership and familiarity with national and foreign affairs is already a matter of public record.

When the real issues of this campaign are calmly considered, without benefit either of oratorical platitudes or the moot merits of a personality contest, then the voters yet have the opportunity before election day to determine that the man better qualified by experience, training and personal soundness of judgment to run the biggest business in the world—the United States of America—is: Richard M. Nixon.

The World Today

Johnson, Lodge Sensitive to Needling

By JAMES MARLOW
Associated Press News Analyst.

WASHINGTON (AP) — Those busy-people—the vice presidential candidates — could be using this time heating up on each other. Instead, they keep picking on the big boys.

Sen. Lyndon Johnson and Henry Cabot Lodge practically ignore each other while they hit a fast pace on the outskirts of the presidential campaign. But there's one thing they have in common: Both are sensitive to needling.

For that matter, so is Vice President Richard M. Nixon. So far

the only one who seems to have kept his temper with the hecklers all the way through is Sen. John F. Kennedy.

Johnson, acting as a pacifier in trouble spots for Kennedy, spends a good deal of his efforts deriding Republican performances and raising hopes high for a Democratic future.

In between times he is as rough on Nixon as Kennedy is. Maybe rougher, calling him "dangerously deceptive," accusing him of "doubletalk" and "pushing the panic button" and warning to look out for the "old Nixon."

But Johnson, after being Demo-

cratic majority leader in the Senate for years, is adroit enough not to bump heads with Kennedy. The same can't be said for Lodge. But, like Lodge, Johnson can get annoyed.

Republican pickets at a Democratic rally got under his skin at Greenville, S.C., when a youthful group of them paraded in front of him with anti-Johnson signs. They were a little too personal for the tall Texan.

One said "LBJ, the counterfeit Confederate" and another "Texas low born." Johnson fired back: "Father, forgive them for they know not what they do." And he suggested the young hecklers' parents "get them back in the house."

Nixon Positive Surge In His Favor Has Begun

By J. A. Dear
(DP&R) Special Service

EN ROUTE WITH NIXON — The Vice President hasn't pushed the panic button. He isn't even thinking that way.

On unimpeachable authority it can be reported that Mr. Nixon believes he is riding a wave that is about to crest, and that Sen. Kennedy is riding a wave that has already peaked.

The theory that the Nixon campaign has the smell of death about it is generated by the press accompanying. Not all reporters, of course, share this view. The Vice President emphatically does not.

He figures that a surge in his favor, which is building still, began after the fourth TV debate.

He will neither claim nor concede any of the seven key states. He thinks that the trend in California and Texas has been steadily in his favor. Ohio, Pennsylvania, Illinois, Michigan, and New York he regards as even money bets.

In his book, New York represents the most difficult problem. It is his opinion that the Kennedy campaign reached its peak when the Senator first toured New York the week before last. But Mr. Nixon hopes President Eisenhower's projected invasion of the Big City this week—the Vice President will be with Ike—will offset the impact Kennedy has made.

Nixon won't say how many of the "Big Seven" he has to take to win but he is sure that Sen. Kennedy has to carry more of them than he does.

The Vice President thinks that the Democratic platform is more important in this campaign than the religious issue.

He doesn't regret the television debates. Though he was ten pounds underweight at the time of the first debate, he felt fine, and if he didn't do well, he figures that was his fault. He won't claim underweight as an excuse.

He thinks the chief by product of the debates will be a larger voter turnout election day, except in Southern States. He wouldn't be surprised if there is a fall off in voting in the South.

He has resisted all along the needling of Republican leaders who want him to slug it out with Kennedy. In Mr. Nixon's opinion, slugging won't win uncommitted voters.

He is gratified by President Eisenhower's fighting speech for the ticket from Philadelphia. Mr. Nixon regards this speech as the strongest Ike has ever made — much stronger than any political speech Ike ever made for himself.

Portable Scales Trapping Truckers

The Missouri State Highway Patrol program of stepping up the pace of weighing trucks with additional portable weighing equipment resulted in 636 arrests and 625 warnings in its first full month of operation.

The stepped up pace began in late August. At that time, the Patrol increased its portable weighing equipment from one unit to five. The single unit had been in operation for about eight months previously.

At that time, Col. Hugh Waggoner, Patrol superintendent, noted that Missouri's rapidly expanding highway system has left some of the state's fixed weight stations isolated from heavily traveled truck and bus routes, necessitating the use of portable scales to cope with the situation. Fixed stations have been pretty well isolated by new highways at Popular Bluff, St. Charles and Gray Summit.

But the Patrol also has been using its portable weight units to some advantage in backing up weight stations to handle instances where truckers try to by-pass fixed stations.

Among violations the portable stations have caused to be uncovered are:

1. Overweight vehicles, some as much as 12,000 pounds more than the legal limit.
2. Improper licenses.
3. Lack of Public Service Commission authority to operate.
4. Defective and unsafe equipment, particularly brakes. In the past year or so, the Patrol has increased its vigilance on this score and some trucks have been turned up with little or no brakes as well as those with less impaired brakes.

Fines for all violations have been in excess of \$1000, in some cases, the Patrol reports. On this score Lt. F. W. Shadwell, Patrol public information officer, says fines levied by the courts for violations uncovered by the portable stations and license fees collected from truckers discovered to be operating improperly licensed already have more than paid the state for the cost of the stations.

Each station is manned by two specially-trained weight inspectors supervised by a trooper. One unit works in the Kansas City-St. Joseph areas and surrounding counties; another in the St. Louis and northeast area; a third in the Springfield and southwest section of the state; another in Southeast Missouri; and the fifth in all areas of the state.

State Gets Surplus Valued at 40 Million

Since the beginning of a federal surplus property program, Missouri has received more than 40 million dollars worth of goods just for the cost of freight and handling, according to Cecil Jenkins, director of the state agency for surplus property in the state department of Education.

This year, the state will get about five million dollars worth of surplus government property under the program, Jenkins estimates. This figure is comparable to what Missouri has been receiving the past several years, he says.

Benefiting mostly from distribution of federal surplus property have been the schools, but hospitals and Civil Defense agencies also have received property under the program. Eligible are all non-profit, tax exempt or tax-support-

ed schools, school systems, universities and colleges, hospitals, health centers, medical centers, clinics and Civil Defense agencies.

The program now is in its 15th year in the state and in that time eligible recipients have received a mountain of surplus goods from hand tools such as saws and hammers to bull dozers, automobiles and trucks and an airplane.

All the surplus property has been free of charge to the state and is being distributed to eligible recipients on the same basis from four large warehouses in Jefferson City. All that must be paid are freight and handling charges. On five million dollars worth of goods last year, these charges amounted to \$250,000. All costs of the program are paid from these charges. The General Assembly so far has not appropriated any money for it though the Assembly may be asked next session for money to construct a single large warehouse for the program. The four warehouses now being used are on a lease basis.

"With a single warehouse, our operations would be considerably more efficient," Jenkins says.

The state agency picks out the property it wants from lists made available by the federal government and pays costs to Jefferson City. The state agency then circulates its own lists and eligible recipients can order direct from these or can come to Jefferson City and pick out what they want from the warehouses. Recipients then pay the state for freight and handling.

Among regulations are those governing resale of the surplus property. Property valued at \$2500 or more must be utilized by a recipient at least four years before it can be sold. Property valued at less cannot be sold for two years. Some of the property, such as the bull dozers, reverts back to the state agency after four years of use. It then is put out to someone else.

Jenkins says that among property most popular are and tools, machine tools, typewriters, desks and filing cabinets.

The airplane, incidentally, went to the University of Missouri.

What They Say in Letters to Editor

Mrs. Laura Kokendoff (908 South Ohio St.) — At the close of Mr. Harry Naugel's talk at the Democratic rally last Wednesday night, I could hardly keep my seat from wanting to add to his reasons for need of a new Pettis county jail. I think it is a disgrace to Sedalia and Pettis county to have to send a dangerous prisoner to the Marshall jail for safe keeping as was done awhile back. Marshall is a town much smaller than ours.

The men selected for our grand jury are citizens of intelligence and highmindedness. They have been telling us for years of this great need, yet we continue to turn it down.

Perhaps the county thinks the jail is Sedalia's business, and Sedalia thinks the county doesn't stand by it as it should.

Can we not get together for once and vote through this bond issue for a new jail?

Washington Merry-Go-Round

Truth Is Elusive in Election Years

DREW PEARSON

WASHINGTON — One of the toughest jobs in Washington these days is to get the truth. It's difficult at any time, but it's especially difficult during the nation's open season for political evasion—the election campaign.

Here are a few illustrations of what you run up against during the search for that elusive goal—truth.

Political statement — When Nixon's campaign manager Robert Finch, issued an advance alibi for the Howard Hughes \$205,000 loan story to Nixon's brother, he claimed that Frank J. Waters had helped out Don Nixon because Mrs. Waters and Don Nixon's wife had gone to school together.

Fact — When Mrs. Don Nixon was queried about this she said that she and Mrs. Waters had gone to school together, but added: Frank Waters never helped us out at all. We barely know the man. There's nothing to that at all."

Political Statement — Campaign Manager Finch claimed that Mrs. Hannah Nixon's Lot 10 parcel 1 on Whittier Boulevard, put up as security for the loan, was worth \$200,000 to \$300,000.

Fact — If the lot had been worth \$300,000 at the time of her husband's death, Mrs. Nixon would have had to pay a \$19,000 inheritance tax. She paid none. She did file an affidavit Jan. 8, 1957, Book 53401, page 16, with the Los Angeles recorder of deeds that her total property left by her husband, including the lot, "did not then exceed the sum of approximately \$100,000."

Political Statement — When the Justice Department, headed by Nixon's close friend, Attorney General William Rogers, went out of

its way to issue a denial that the settlement of an antitrust suit against the Hughes Tool Co. was influenced by the Hughes loan to Nixon. The denial stated that the suit was brought after the Hughes loan was made.

FACT — It is quite true that the antitrust suit was brought after the Hughes loan to the Nixon family, but the loan was highly secret, known to very few people, and an attorney working at a low level in the Justice Department would know nothing about it. The significant development was that when the antitrust suit got to a high level it came before Victor Hansen, a Southern Californian appointed assistant Attorney General on Nixon's recommendation. At this point it was settled without going to trial, by a consent decree.

I had previously stated that there was no evidence that the Hughes loan was connected with any government favors given Hughes; and though Hansen was very close to Nixon this is still true. But the reason for conflict-of-interest is because of this very fact—namely, that it is difficult, if not impossible, to prove favoritism in high places. For that explicit reason, both the law and good ethics require that high government officials and those close to them have no financial interest in and accept no pecuniary favors from companies with problems before the government.

The Hughes Tool Company and Trans World Airlines, both important concerns—and this column has paid tribute to TWA's efficient operation—must necessarily have all sorts of problems before Government Agencies. They couldn't operate otherwise.

Mailbag

Correction—This column was in error in reporting that the State Department "was settling on a letter to" Senator Keating of New York explaining why the UN General Assembly was not postponed this election year as it has been in other presidential years. On the contrary, the letter was released by Keating on or about October 8. The facts in the letter, however, remain the same namely that the State Department saw "very definite advantages" in going ahead with the UN session in September, instead of after the November election, as in 1952 and 1956 elections. In these years the UN sessions were postponed in order to keep American foreign policy out of politics. This year both Nixon and Kennedy for a time were running against Khrushchev—thanks to the UN session.

Pessimist

An archeologist recently announced that he had discovered the remains of the "earliest human" in East Africa. Now, another scientist says that, in view of continuing deadlock on disarmament, the LAST human may already have been born at any given moment.

The famous Washington oak is estimated to be between 800 and 1,000 years old.

Guest Editorial

COLUMBIA MISSOURIAN: New Kind of Tax. A San Francisco city official suggests that instead of a local income tax there be a tax on women who wear slacks or shorts. His idea is that the tax base would be the weight of the wearer—\$5 for women up to 125 pounds, \$50 for those who weight more than 150. The gentleman has no particular feeling against women because he also suggests a \$100 tax on men who wear Bermuda shorts.

The gentlemen does not seriously believe that there would be much tax revenue from his plan. He does seriously believe that it would keep a lot of women out of shorts and slacks—or out of sight. "Either way," he explained, "the beauty of San Francisco would be greatly improved." Why not carry the tax on to some of its other possibilities? For example, taxes on:

1. Boys and young men—if you can call them that—with duck tail haircuts.
2. Women who paint their toenails and wear sandals.
3. Men with beards—beardsticks or any other style.
4. Girls with haystack hairdos.
5. Women with bobby sox and high heels.
6. Women and girls who go downtown with their hair in curlers.—Add to the list as you think best. It's open season.

Your Eyes and Visual Functions

If you are one of the growing number of people who realize the importance of eyes and vision and the necessity of taking proper care to conserve your sight for the years ahead, you will have a careful visual analysis made in the next year or two. Before having an examination the Missouri Optometric Association asks that you consider the following facts.

The best of eye and vision care is not too good for your priceless eyes and vision. In terms of eyesight for a long life span the best eye care available is not costly.

Unfortunately, in our state there is very little protection provided by the laws regulating vision testing. It is necessary for each person to give thought to the kind of examination he will seek and to decide for himself what kind of glasses he will get.

Members of the Missouri Optometric Association are pledged to observe high ethical standards and to place your visual welfare above every other consideration. Ethical optometrists advise many people that no glasses or no lens changes are needed. Optometry is the art and science of vision care, not a merchandising business of selling glasses.

The Missouri Optometric Association suggests that you look with suspicion upon glasses sold as merchandise or in merchandising surroundings. Especially do you need to question the value of glasses sold at prices lower than the average laboratory costs of glasses prescribed for your individual needs. Sensational sales of glasses at one low price to everyone has no place in a program of vision care.

SEDALIA-PETTIS COUNTY UNITED FUND CAMPAIGN

is now underway!
TO ALL WHO NEED YOUR HELP!

582 VOLUNTEER WORKERS SOLICIT YOUR SUPPORT

Between now and Thanksgiving Day, one of the 582 volunteer Sedalia-Pettis County United Fund workers will be contacting you for your contribution to the United Fund campaign. They are giving their time and money to help our community meet the \$80,000 goal which is needed to maintain the work of the twelve United Fund welfare, health and character-building agencies.

When you open your door to your neighbor who calls on you in behalf of the United Fund, give a thought to all those for whom he or she speaks. Open the door of your heart to their appeal and give generously.

When you give the United Way, you give once for all the important welfare activities of this community. And so that your contribution may adequately serve the purpose for which it is intended the campaign this year is being conducted entirely by local citizens from a rent-free office in the Pettis County Court house and necessary campaign expense are being held to a bare minimum.

STANDARD OF GIVING CHART
Salaried and Hourly Employees:

The standard of giving basis for contributing to a United Fund campaign is generally the amount equal to one hour's pay per month for twelve months. The chart below is for your convenience; it shows at a glance the "fair share" amount to be considered.

Rick Clarkson Takes Honors
In AP Newsphoto Contest

KANSAS CITY (AP) — For the third consecutive year, Rick Clarkson won the sweepstakes award today in the annual Missouri-Kansas Associated Press Newsphoto Contest.

Clarkson is picture editor and chief photographer for the Topeka Capital-Journal.

The award was for a full page layout of pictures showing a student nurse going through her first operation. The layout also took first place in the feature class of Division A entries.

Another repeat winner was Joe Cannon of the Liberal Southwest Daily Times. He took first place in the Division B news class with a picture showing two firefighters wrestling with an unsteady hose.

Clarkson has been a consistent winner in the news class for several years.

Opera Singing Takes Lot
Out of You, Singer Says

By HAL BOYLE

NEW YORK (AP) — "Opera takes a lot out of you," said Dorothy Kirsten.

"Singing a high 'X' is equivalent to lifting a 500-pound weight. Because of the emotional strain, the glamorous blonde Metropolitan Opera star doesn't like to sing a heavy role more than once every fourth day.

Top opera stars like championship boxers — make a ritual of keeping in the best of physical condition. Her training secret is golf.

It's the perfect sport for a singer," she said. "It helps develop on rhythm and proper breathing."

Meet In Columbia

Tiger Coach Eyes Colorado
But MU Team is a FavoriteBy WES COOK
The Associated Press

Missouri Coach Dan Devine says "Colorado has great defensive power to stop Oklahoma as it did. I can't see how possibly we can be favored over them."

However, even the casual observer can find many reasons to favor the Tigers of Missouri in the Big Eight game with Colorado.

They include Missouri's 7-game winning string during which the Tigers have completed 2,354

yards on total offense for a game average of better than 334 yards. Defensively, Missouri has yielded an average of less than 77 rushing yards a game.

The Tigers also boast two of the conference's top rushers. Halfback Mel West ranks No. 1 with 570 yards on 109 carries. Norris Stevenson, another halfback, is fourth with 377 yards on 52 carries.

The No. 2 and 3 spots are held by Iowa State's Tom Watkins and Dave Hoppmann. Watkins has 478 yards on 106 carries and Hoppmann has 473 on 95.

The Bulls will take a 5-game winning string to Columbia, including last week's 7-0 upset of Oklahoma.

A couple of the sparkplugs in the Colorado attack include quarterback Gale Weidner and end Jerry Hillebrand. Weidner is runner-up to Kansas quarterback John Hadl in conference passing. Hadl has completed 29 of 57 passes for 414 yards and Weidner has connected on 20 out of 47 for 308 yards.

Hillebrand and Curt McClinton of Kansas share the lead in pass receiving. Hillebrand has caught 7 for 170 yards and McClinton has received 8 for 170 yards.

Other leaders this week include Dave Hannah of Oklahoma State who tops the punters with a 42.4 yard average on 33 kicks.

Halfback Donnie Smith of Missouri is the No. 1 scorer with 9 touchdowns for 54 points.

In other games this weekend Oklahoma is at Iowa State, Oklahoma State at Kansas State and Nebraska at Kansas.

Greenburg
Will Acquire
Franchise

LOS ANGELES (AP) — Hank Greenberg today confirmed reports that he will acquire the new Los Angeles franchise of the American League and indicated he'd like to have Casey Stengel manage the club.

The 70-year-old Casey, let out two weeks ago after 12 years with the New York Yankees, told reporters he has talked to four major league clubs "but I haven't had a definite offer from any of them."

"Why, I just had a call from Detroit advising me I was gonna manage the Tigers," confided Stengel. "but it wasn't official. I'm gonna take a few weeks to make up my mind on what I want to do."

The Associated Press learned Monday that Stengel might become both field manager and general manager of the new Los Angeles club if Greenberg acquired the franchise.

Greenberg promptly acknowledged his intent regarding the franchise when he arrived here for meetings with officials and presumably other members of his syndicate, but he refrained from a definite statement on Stengel.

Said Greenberg: "I'm a great admirer of Casey, but I honestly don't know if he's available."

Greenberg heads a syndicate that is acquiring the Los Angeles franchise. As a vice president of the Chicago White Sox, he owns approximately 20 per cent of that club's stock, which he will dispose of shortly after the American League's next meeting Nov. 17.

Greenberg said that his associate in the White Sox operation, Bill Veeck, isn't involved in the acquisition of the Los Angeles franchise. "and I doubt if Bill will leave Chicago," Veeck also denied, in Chicago, any plan to come here.

Stengel Top Prospect
For Tigers Manager

DETROIT (AP) — Casey Stengel is a top prospect for manager of the Detroit Tigers, the Tiger front office said Monday night.

Detroit has been without a manager since early last month when Joe Gordon resigned.

A statement quoted Rick Ferrell, assistant to President John F. Fetzer, as saying that "Casey Stengel's name had come up several times and that he was seriously considering him as a recommendation to be made to" Fetzer.

Assigned the task of screening some 15 applicants for Tiger manager, Ferrell indicated last week he had pared the list to five or six and that he probably would make his recommendation within 10 days.

Iowa Keeps
Number 1
Spot in PollBy JACK HAND
Associated Press Sports Writer

The unbeaten Iowa Hawkeyes remain the No. 1 college football team of the nation for the third straight week of The Associated Press poll of sports writers and sportscasters.

With Syracuse and Baylor dropping from the ranks of the unbeaten and Mississippi being held to a 6-6 tie by Louisiana State, there was a shakeup in other top 10 rankings.

Iowa won by a landslide with 46 first-place votes from the 48-man panel which votes weekly. The only other teams to get first-place ballots were Minnesota and Washington. Each got one.

Mississippi dropped from second to sixth as the result of the tie with LSU. Missouri, a 28-0 winner over Nebraska, shouldered into second place and Minnesota, which meets Iowa in a Big Ten showdown battle Saturday in Minneapolis, took over third place.

Navy, a 14-7 winner after a rugged scramble with Notre Dame, held the No. 4 spot for another week. Ohio State's 21-10 victory over Michigan State moved the winners into fifth place and dumped the losers out of the top ten listing.

Washington took over seventh after losing to Oregon 7-6 and Tennessee, a newcomer in the top ten, advanced to eighth after whipping North Carolina 27-14.

Syracuse, beaten by Pitt 10-0, slipped from third to ninth on the defeat.

Rice moved into the No. 10 spot by thumping Texas Tech 30-6 and Baylor, beaten for the first time by Texas Christian 14-6, dropped out.

The leaders with first-place votes, points figured on a 10-9-8-7-6-5-4-3-2-1 basis:

1. Iowa (46) 476
2. Missouri 359
3. Minnesota (1) 350
4. Navy 324
5. Ohio State 279
6. Mississippi 265
7. Washington (1) 142
8. Tennessee 108
9. Syracuse 91
10. Rice 73

Others receiving votes included: Baylor 33, Auburn 31, Duke 29, Pittsburgh 19, UCLA 18, Arkansas 10, Michigan State 9, Colorado 6, Utah State 6, New Mexico State 5, Yale 3, Alabama 2, Texas Christian 1.

Rugged Action Indicated
As Pro Wrestling Returns

It's been four full weeks since pro wrestling has been held at Convention Hall, but the pros make their return tonight and all indications point to some rugged action.

Starting with the opener between giant Frank Townsend and Nick Roberts, through another heavyweight scrap, the girls' clash and on to the Central States title event, there is sure to be exciting, hard-hitting wrestling.

Mike Paidousis, whose Central States crown is little more than a month old, will risk it against capable John Paul Henning in the

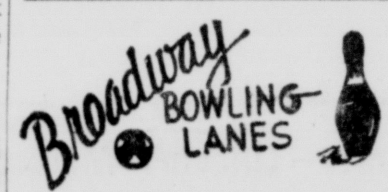

main event. For Paidousis, Henning presents a strong challenge since he is well equipped with mat talent and has good speed.

In the women's action, fiery Millie Stafford will oppose Jessica Rogers, the comely Tampa lass who is fast moving to the top of the ladder.

Henning's challenge to Paidousis actually caught Mike at a bad time and he may be hard-pressed to make his way to victory. The former Tennessee University football player narrowly escaped a beating in his most recent defense against Joe Hamilton and would have preferred a little more time in between title matches. He pulled through in the last seconds against Hamilton, but suffered a slight injury in the action.

He's confident the injury won't affect his match with Henning and has insisted he's in top shape to wrestle. Still, close observers believe if he's off the east little bit he will have a tough row to hoe against the versatile Henning. John Paul, a quick, fast-moving workman, is a colorful take advantage of any opponent's weakness.

Starting time for tonight's Legion-sponsored show is 8:15.

Alvin Dark In Command
Of San Francisco Giants

SAN FRANCISCO (AP)—Alvin Dark takes command of the San Francisco Giants with an admonition that the Candlestick Park winds should be forgotten, the quicker the better.

The take-charge guy of the Giants infield during their championship years of 1951 and 1954 drew a two-year contract to manage and instill hustle into their field operation. Terms weren't announced but are believed \$25,000 annually.

"Alvin was the man we wanted all along," said Giants Vice President Charles (Chub) Fenney. To get the 14-year National League veteran player, the Giants traded utility shortstop Andre Rodgers to the Milwaukee Braves.

Speaking softly, Dark, 38, gave a solid indication he would brook no excuses and wanted the right to full authority in operating the club on the field.

Last year as the Giants were tabbed for the pennant in pre-season forecasts and flopped, players complained about the tricky winds at the new Candlestick Park.

Wyatt Most
Valuable On
Iowa's Team

IOWA CITY, Iowa (AP) — A little halfback who has carried the ball only twice this season is one of the most valuable players on Iowa's high scoring football team.

He is Bernie Wyatt, a defensive specialist Iowa coaches count on to contain opposing runners and pass receivers.

Wyatt calls defensive plays for the undefeated Hawks in addition to patrolling one flank. He has participated in nearly every defensive play so far this season.

His performance has helped limit six opponents to 69 points and keep Iowa in first place in The Associated Press national football poll. Iowa is averaging 27 points a game.

"We have lots of confidence in Bernie," says defensive coach Jerry Burns. "He's always the first player we send in there on the wild card rule when we lose the ball."

Wyatt, 5-foot-10, 165-pound senior, was outstanding on offense in high school at Amityville, N.Y. He couldn't break into the Iowa offensive lineup which has featured standout halfbacks in recent years. But he took to defensive play like a duck takes to water.

"He is the best defensive back we've had since Kenny Ploen played four years ago," Burns says. "He's a great tackler, has fine speed and covers well on passes."

"He's actually a good runner on offense, too, but we like to save him for defense."

Wyatt gained 13 yards on the two times he carried the ball.

His next chore is to see that Iowa's defense stops Minnesota Saturday when the two unbeaten Big Ten powers meet at Minneapolis.

Track, Field Schedule

PHILADELPHIA (AP) — The National Collegiate track and field championships will be held at the University of Pennsylvania June 16-17, officials announced today.

"The climate here is wonderful," commented Dark. "That wind is just like the Louisiana heat. The more you talk about it the worse it gets."

A resident of Lake Charles, La., Dark was a standout sophomore halfback at Louisiana State University before signing a bonus contract with the Boston Braves in 1946.

He noted the Giants won 45 and lost 32 in Candlestick and said, "They won more than they lost there. I'm for that."

Dark replaces Tom (Clancy) Sheehan, named as interim manager when Bill Rigney was fired last June 18. Although only four games off Pittsburgh's pace when the switch was made, the Giants sagged further to fifth place and a 79-75 over-all record.

President Horace Stoneham declared in June that failure to install hustle was a chief reason Rigney was fired.

Asked about possible trades, Dark said he had none in mind immediately and added, "I don't think a trade should be made just to get rid of a ball player."

Asked where the team needed to be strengthened, he said he couldn't answer that until he sees the players in spring training.

"There are many fine players on our roster," he added.

Fenney announced Sheehan would resume his job as chief scout, with Dark to decide on coaching assignments later.

McCormick Has
Lowest Earned
Run Average

NEW YORK (AP)—Lefty Mike McCormick posted the lowest earned run average in the National League in 1960, giving the San Francisco Giants their third consecutive ERA winner.

Figures compiled by The Associated Press disclosed today that McCormick wound up with a 2.70 earned run mark. Frank Baumann of the Chicago White Sox, another southpaw pitcher, won the ERA crown in the American League with 2.68.

The Giants' Sam Jones was the National League ERA leader in 1959, and Stu Miller in 1958. Giants' pitchers have won the title seven times in the past 12 seasons.

McCormick yielded 76 earned runs in 253 innings. He had a 15-12 won-lost record and hurled four shutouts. Baumann, whose 13-6 record included a pair of shutouts, allowed 55 earned runs in 185 innings.

Ernie Broglio of St. Louis was runnerup in the National League with a 2.75 ERA. Jim Bunning of Detroit was second to Baumann with 2.79.

Have Chance To Write History

ANNAPOLIS, Md. (AP) — Joe Bellino and his shipmates have a chance to write Naval Academy football history this weekend if they can defeat a tough Duke University football team at Durham, N.C.

The Midshipmen will be gunning for two academy records as well as hoping to preserve a winning streak which started with the last three games last season and included a 43-12 romp over Army.

In defeating Notre Dame 14-7 Saturday they became the first Navy team since the 1910-11 seasons to win 10 in a row, a Navy record. They also became the first team since 1934 to win the first seven games of a season, tying another academy mark.

And Navy has come up with a lot more playing talent around him than anyone expected it would have before the season opened.

Edwin Kettlesen Honored At a Reception Held Here

A reception was held at the Masonic Temple Thursday evening, honoring Edwin W. Kettlesen of Kansas City.

Mrs. Anna Thompson, Worthy Grand Matron of the Grand Chapter of Missouri, Order of the Eastern Star, appointed Mr. Kettlesen, Grand Sentinel of the Grand Chapter of Missouri, Order of the Eastern Star at Grand Chapter in St. Louis.

Distinguished guests attending were introduced as follows: Mrs. Anna Thompson, Worthy Grand Matron, Lee's Summit; A. Leslie Liggett, Worthy Grand Patron, Hannibal; Mrs. Ruth D. Neighbor, Worthy Grand Chapter of the General Grand Chapter and Past Grand Matron of Missouri, Order of the Eastern Star, St. Joseph; Mrs. Viola Coffman, Past Grand Matron, Sedalia; Mrs. Fern Barton, Past Grand Matron and Grand Treasurer, Jefferson City; John Owen, Past Grand Patron, Warsaw; Burnie Fisher and Arthur Raymond, Past Grand Patrons, Kansas City; Wilbur W. Sunderwirth, Past Grand Patron, Eldorado Springs.

Grand Officers attending were: Mrs. Lois Jackson, Associate Grand Matron, Springfield; Mrs. Irene Hansen, Grand Conductress, Centralia; Mrs. Anna Spencer, Grand Chaplain, Mrs. Pauline Turner, Grand Organist, Mrs. Gertrude Matthews, Grand Ada, Mrs. Marjorie DeMotte, Grand Ruth, Mrs. Ruth Williamson, Grand Esther, many Grand Representatives, and District Deputy Grand Matrons, including Mrs. Eileen DeLozier of the 36th District; also a large number of Past Matrons and Past Patrons from over the state, members of the 36th District and other visitors and friends.

The Worthy Matron's Mrs. Clara Rucker, and a Past Patron Charles Hofheins presided in the East.

An impressive Bible ceremony was given by the following members of Scottish Rite: Rev. D. Warren Neal placed the Holy Bible on the Altar and gave a prayer, as Jewell Nave, Oma Cox, William Matthews, George Dugan Jr. and Leonard Hall formed a

triangle back of the altar. The chapter room was a setting of beauty. On a back drop of gold satin, streamers were attractively draped culminating at one side with a white heart and key near a vase of red roses. A large golden key entwined with red roses held a prominent place in the decorations. Placed on a table draped in folds of aqua satin and a large spray of red roses, high on an easel stood a large open book.

On one page of the book reflected in a glowing light was a verlexed picture of "Christ at Heart's Door" by Warner Sallman. On the opposite page was "The Door to the Human Heart" can be opened only from within, and the soul itself is the key," hand painted in large Old English.

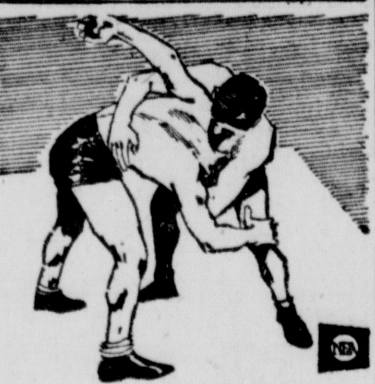

Mrs. Ruth D. Neighbor chose this as her motto for the year of 1947, the year she served as Worthy Grand Matron of the Grand Chapter of Missouri, Order of the Eastern Star, the same year Edwin W. Kettlesen served as Worthy Patron of Pettis Chapter No. 279, Sedalia.

Mr. Kettlesen was introduced for the first time as Grand Sentinel of the Grand Chapter of Missouri, Order of Eastern Star, in his own chapter. He was presented gifts from his chapter, Pettis 279, the 26th District, the Worthy Matrons and Worthy Patrons

Club, Associate Matrons and Associate Patrons Club, Conductress and Associate Conductress Club of the 36th District, the Past Matron and Past Patron Club of Pettis Chapter 279 then honored with a song, "Climb Ev'ry Mountain," sung by Donna Nave, guest soloist for the evening, who also sang "Faith Unlocks the Door," to the Worthy Grand Matron and Worthy Grand Patron and "Memories" to all other distinguished guests. She was accompanied by Millie Reed.

Mr. Kettlesen when serving as Worthy Patron of Pettis Chapter had the honor of assisting to Institute Guiding Star Chapter 306

Green Ridge. Mr. Kettlesen was honored by the presence of the officers and eight of the charter members and on their behalf was presented a gift by Lawrence Beach, Worthy Patron of Guiding Star.

As a climax a ceremony written by Mrs. Bennie Nave, who served as Mr. Kettlesen's Worthy Matron, was presented. Through a door opened wide, decorated with aqua satin and large heart and key walked those present who had had a special part in Mr. Kettlesen's Eastern Star life. '61 Ford Galaxie Club Victoria with Thunderbird styling and roofline that others are imitating but can't match.

The one '61 car built to back up a long-term warranty

Ford led the way with the one car beautifully built to take care of itself... and you

On September 29, Ford Dealers set an industry trend—were first to extend their 1961 car warranty from the conventional 4,000 miles or 3 months to 12,000 miles or one full year, whichever comes first.

Why? Because Ford built the one car to support such confidence. Ford for 1961 is the one car beautifully built to take care of itself!

The '61 Ford was designed and built to the more exacting standards necessary to offer an extended warranty. Ask to see this warranty at your dealer's.

It is significant that Ford has so many take-care-of-itself features not found in other cars, regardless of price. These new Ford features are a triumph of exhaustive research, fine engineering, and quality construction that give you the most reliable Ford ever built.

The new '61 Ford is worth trading for and living with. See it... drive it... and convince yourself: This is the Ford in your future!

HERE'S HOW THE '61 FORD TAKES CARE OF ITSELF

Lubricates itself—You'll normally go 30,000 miles between chassis lubrications. Then a quick, inexpensive Ford Dealer lube-job (which costs about \$4.00*) will get you set for another 30,000 miles.

Cleans its own oil—You'll go 4,000 miles between oil changes with Ford's Full-Flow oil filter.

Adjusts its own brakes—New Truck Size brakes adjust themselves automatically for the life of the lining.

Guards its own muffler—Ford mufflers are double-wrapped and aluminized—normally will last three times as long as ordinary mufflers. Protects its own body—All vital underbody parts are specially processed to resist rust and corrosion, even to galvanizing the body panels beneath the doors.

Takes care of its own finish—New Diamond Lustre Finish never needs wax.

Ohio Votes May Decide Who'll Win

Editor's note: This story, second in a series, assays the presidential contest in Ohio, one of the Big Six states which swing enormous weight in the electoral college.

By ART PARKS

COLUMBUS, Ohio (AP) — History indicates the presidential candidates who sell himself to Ohio probably will be the next occupant of the White House.

Only once in this century — in 1944 — has Ohio missed the boat on the presidency.

With that one exception in the last 15 presidential elections, Ohio voters have cut through the welter of state and local candidates and issues and cast the Buckeye State's substantial electoral vote for the national winner.

Vice President Richard M. Nixon, the Republican standard-bearer, and Sen. John F. Kennedy, the Democratic nominee, have campaigned often and hard in Ohio.

Both have been received enthusiastically by record crowds.

Both Republicans and Democratic leaders show calm confidence, at least on the surface, that Ohio's 25 electoral votes will wind up on their side. Those 25 votes represent nearly 10 per cent of the 289 total needed to win.

This year's presidential race in Ohio is different from any in the memory of anyone now living. It will provide a classic test of national candidates and issues alone because it is uncluttered by state contests.

Because of a recent constitutional change, there is only one statewide political contest this year. Other state officials are in the middle of four-year terms.

The crosscurrents of the 1960 national campaign in Ohio cut so wide and so deep that even old-time prognosticators admit they are baffled.

It does appear, however, one week before election, that Republicans will continue to dominate the Ohio delegation to the U.S. House of Representatives. The score now stands 14 Republicans, 8 Democrats and 1 vacancy caused by the death of a Democratic incumbent. Barring an un-

likely landslide for either Kennedy or Nixon, it would appear neither party stands to gain or lose more than two seats.

Ohio Democratic Chairman William L. Coleman is claiming the state for Kennedy by about 250,000 votes "if the election were being held today, and barring a national emergency."

Coleman's victory forecast indicates a belief Ohio Democrats will be able to overcome two mountainous obstacles:

1. The fact that President Eisenhower carried Ohio for the Republican party by a record of 823,000 votes in 1956, receiving slightly more than 61 per cent of the vote.

2. The companion fact that Democrat Alfred E. Smith, the only previous Roman Catholic nominated for the presidency, was snowed under in Ohio in 1928 by nearly 2-1.

Some Democratic leaders admit privately that they are being hurt in the southern Ohio areas they term the "Bible Belt." But the same leaders say they are confident that normally Democratic, heavily populated industrial areas in northeastern Ohio will more than offset the southern Ohio vote.

GOP State Chairman Ray C. Bliss says he believes Kennedy has passed his peak and that Nixon's campaign is moving fast on the upgrade "since he came out slugging."

Bliss and other Ohio Republican leaders reacted with unabashed glee as Nixon hurled barbs at his Democratic rival during a huge two-day whistle-stop swing through Ohio last week. The GOP believes Nixon's new rough-

and-ready tactics coupled with the late-campaign timing of the Buckeye State tour will swing Ohio firmly into the Republican column.

Chairman Bliss says: "I believe Nixon will carry Ohio by a comfortable margin. I try to be honest in my predictions, but it's hard to appraise this campaign in depth. I don't want to be pinned down to an exact figure. We will lose some of the industrial counties, but if we lose some of them

by a narrow margin, it really will be a victory."

Democratic and Republican organizations alike have conducted their own private polls in areas they regard as "swing" spots—precincts, wards, and counties which have a reputation of regularly reflecting statewide political sentiment. But, as usual, these polls have been followed by complicated arithmetic and weighting to the point that some organization people on both sides are wondering: "Are we kidding ourselves?"

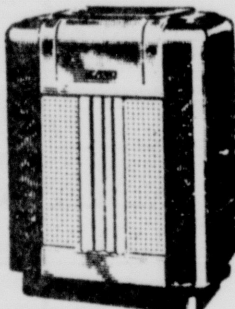

Newspaper polls have been relatively few and generally have covered local areas only. Those which have made at least a stab at statewide coverage have been too fragmentary to indicate a firm trend.

They do indicate, however, that Nixon has no hope of holding for the Republican party anything like the huge total of 2,262,610 votes piled up by Eisenhower in 1956. This is so even though the official forecast is for a total Ohio vote of about four million—about 300,000
